

## Kyoto University School of Public Health

Yoshida-Konoe-cho, Sakyo-ku, Kyoto 606-8501, Japan  
<http://sph.med.kyoto-u.ac.jp>

Kyoto University School of Public Health (KUSPH) invites you to the special lecture series on **“Nutrition and Infection in Global Health”** by Professor Sharon Cox, School of Tropical Medicine and Global Health, Nagasaki University & London School of Hygiene & Tropical Medicine. She has a particular interest in understanding how nutrition underlies susceptibility to and outcomes of infectious diseases and the design of evidence based nutrition interventions in low and middle income populations. She is an elected trustee of the Royal Society of Tropical Medicine and Hygiene, UK and a member of the Japanese society of Tropical Medicine.

Date	Time	Venue	Topic of discussion
Mon 19 <sup>th</sup> March	10:30 am - 12:00 pm	Large Seminar Room, 1 <sup>st</sup> floor, Science Frontier Building  Medical Campus, Kyoto University	<b>Nutrition in Global health</b> Under- and over-nutrition, causes, assessment and global health impacts. Why should we care about stunting?
	13:00 pm - 14:30 pm		Understanding the nutrition and infection downward spiral
