[Textbook]

Not used

[Reference books, etc.]

(Reference books)

[Regarding studies out of class (preparation and review)]

students are recommended to read readings of communication studies that are related to his or her interests.

(Others (office hour, etc.))

Message

This instructor differentiates “health communication,” which is mainly interested in doctor-patient communication, from “medical communication” with a broader, sociological focus; therefore, it is recommended that when interested in the aforementioned doctor-patient communication, s/he take other SPH classes.

Suitable for students who are interested in social science perspectives in medicine and science

Consult with me ASAP for any disability-related accommodation
